Introduction to IceWarp for the Healthcare Market

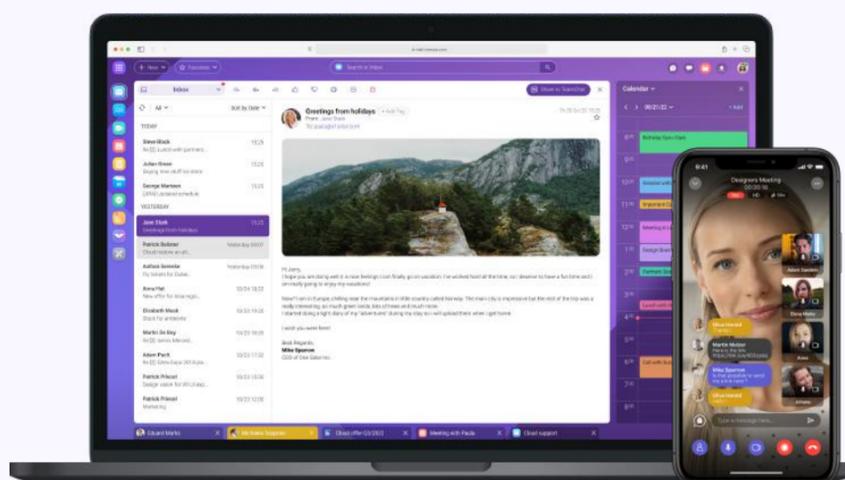

Dear Customer,

IceWarp has been an industry leading, carrier grade, communication platform since the early 2000's. We are a **direct competitor to systems such as MS Exchange and G Suite**. Our tools and Apps gives the users the same advantages that these systems have at a much lower cost!

Please join us on **February 8th at 10 am EST** to learn more about our system and hear directly from our current healthcare customers on how they are saving money and increased their productivity. **These include:**

Webinar topics

IceWarp Webclient interface

Teamchat (Slack, MS teams alternative)

WebDocs (Realtime document collaboration)

IceWarp conferencing (Go-To-Meeting, WebEx, and Zoom alternative)
